Foreword

Codeofchina.com is in charge of this English translation. In case of any doubt about the English translation, the Chinese original shall be considered authoritative.

This standard is compulsory.

This standard specifies the installation, maintenance and management requirements of water rescue system in metal and nonmetal underground mine.

This standard was proposed by the State Administration of Work Safety.

This standard is under the jurisdiction of the Subcommittee on Non-coal Mine Safety of National Technical Committee on Safety Production of Standardization Administration of China (TC288/SC2).

This standard is issued for the first time.
